**CITY OF ALVIN TO CELEBRATE  
GROUNDBREAKING OF NEW FIRE-EMS STATION**

The City of Alvin, Alvin Volunteer Fire Department, and Alvin Emergency Medical Services announces a groundbreaking ceremony to celebrate the upcoming construction of a new Fire-EMS Station. The ceremony is open to the public and will take place on Saturday, November 16, 2019, at 10:00 a.m. at the corner of East South Street & Bellaire Boulevard, the site of the proposed facility.

This project consists of the construction of a 29,310 square foot facility that will house the Fire and EMS administration and equipment, replacing a 50-year-old fire station and a 40-year-old EMS station. Funding for the construction of this project will come from the 2019 Certificates of Obligation Bonds with an estimated construction cost of \$11.7M. Construction is set to begin in November 2019 with an anticipated move-in date of November 2020. This unified venture will provide future generations with a modern, accessible facility to obtain both fire and emergency medical services.

Residents, community leaders, and media are cordially invited and welcome to attend. Parking spaces will be limited at the ceremony site. Parking and transportation shuttles will be provided at St. John Catholic Church 110 East South Street, Alvin.
