Variations on the type and number of collection services referenced herein shall have the prior written approval of the city manager or designee. Additionally, special collection services not specified or provided for in this section shall have the prior written approval of the city manager or designee. In all such cases appropriate documentation shall be provided to the city manager or designee prior to obtaining the service(s). Charges for such service(s) shall be calculated with reference to the rates set forth herein or if none of the service categories is equivalent to the requested service, the charge shall be calculated with reference to the industry standard.

- (3) Rates for the collection, hauling and/or disposal of construction debris. Lumber, shingles, concrete and other materials generated by or resulting from building or remodeling operations or resulting from a general cleanup of vacant or improved property, just prior to its occupancy, will not be removed by the city or its designated contractor as part of the garbage collection services established in this chapter. The building contractor, owner, or occupant of the premises may utilize his/her own forces and equipment to dispose of such debris. However, to the extent that it is necessary to obtain the services of a third party to assist in the hauling and/or disposal of the debris, the building contractor, owner or occupant shall obtain roll-off containers from the city's designated contractor for the following rates:

City's designated contractor will handle all aspect of customer service with roll off and compactor containers for customers within the city. Customer charges will be based on

haul rate, rental fees and tonnage rate, with a three-ton minimum. The contractor will submit ten percent (10%) of total charges as monthly rebate to city.
